

Tip

Linen can shrink a little when it's washed, so take this into account before you cut your fabric to size

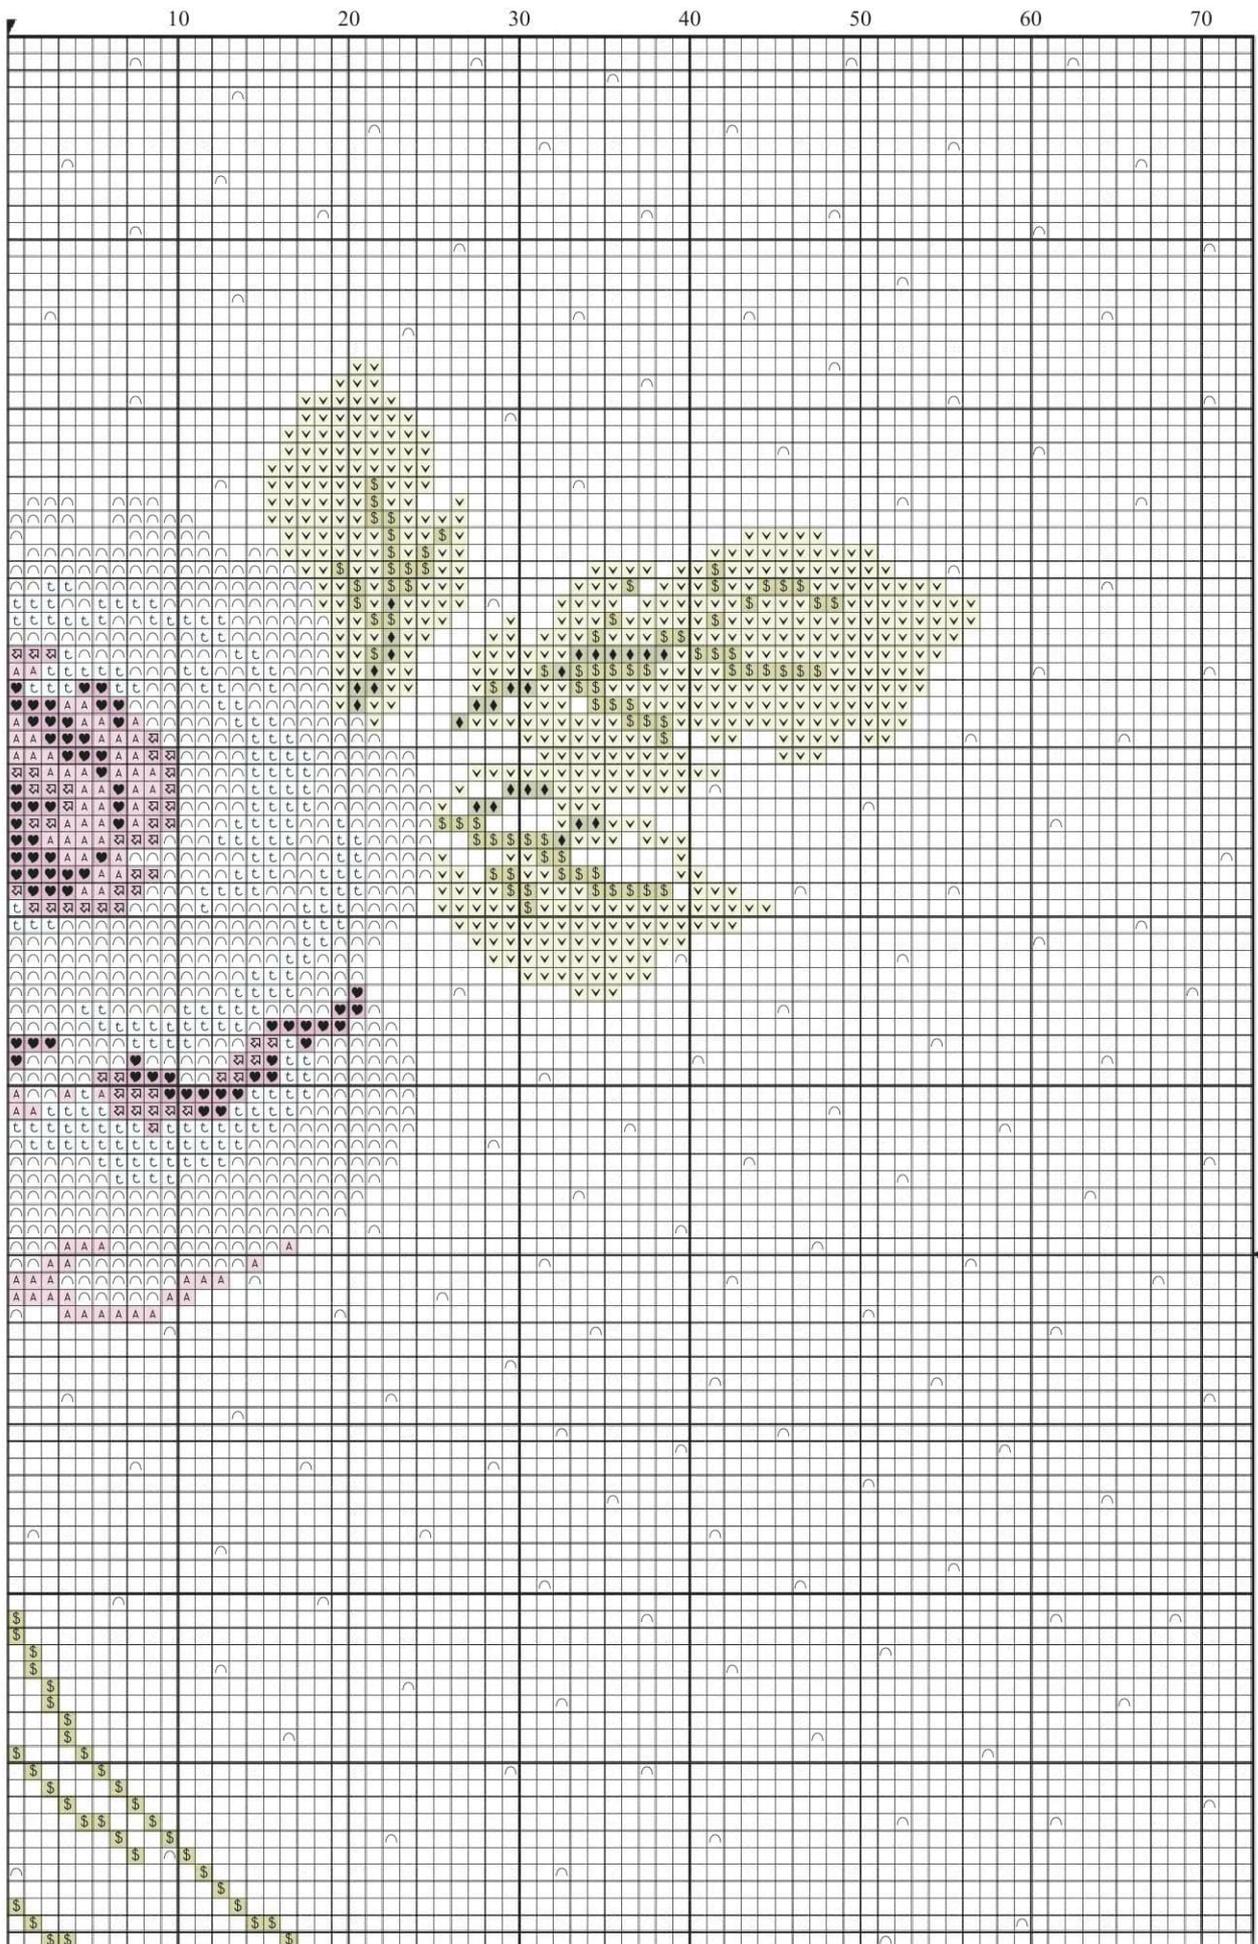

This beautiful cushion will bring extra comfort and style to your sofa

STITCH COUNT 142 high x 143 wide

DESIGN AREA 16 HPI (32-count evenweave) – 22.5x23cm (8¾x9in)

SKEINS NEEDED 2xblanc (white)

This design was stitched using DMC stranded cotton on 32-count evenweave over two threads of the fabric

How to make up the rose cushion

1 If you're using polka dot linen, cut two pieces of backing fabric measuring 37x20cm (14½x8in) for the envelope-opening back panel. Machine-stitch a 2cm (¾in) double hem along one long edge of each piece, and press.

2 With the right sides facing, pin one panel at the top of the cushion and one at the bottom. Pin around the edge and stitch with a 2cm (¾in) seam, then trim the corners, turn the cover through and press. Insert cushion pad to finish.

3 If you're using coloured evenweave, trim your stitched

piece so that it measures 30x30cm (12x12in), making sure that the design is central. Cut two pieces of backing fabric measuring 30x18cm (14x7in) for the envelope-opening back panel. Machine-stitch a 2cm (¾in) double hem along one long edge of each piece, and press.

4 Finish the cushion according to step 2. Your cushion will be smaller than the one using polka dot linen due to the design areas of the pattern. If you'd prefer it to be the same size, just extend the polka dots in the background until you achieve the desired dimensions.
